

## **Presentation hall and video conference hall**

The T-mobile brand is known all over the world and AVC has the honour of including it in its top reference list. In the end of 2004, AVC equipped two halls with multimedia systems in the T-mobile provider building in Zagreb. The presentation hall on the ground floor got a video presentation system with a sound system and a wireless microphone system. The Management board meeting room was equipped with the Polycom videoconference system integrated in the high quality audio/video system.
