

## PA System

Central Cafe is one of the most attractive spots in Sarajevo. Apart the summer terrace with 160 seats, Central has 2 floors with 350 and a night bar with 200 seats. Based on the client's request AVC delivered and installed the PA system with ability to regulate the sound volume. It was provided with the JBL CONTROL loud speakers on the first floor where are the sitting area, and a more powerful PA system in the club area on the underground floor.
